

Statement from the District 86 Board of Education about the Pool Project at Hinsdale Central

During our meeting on Thursday, September 12, the members of the District 86 Board of Education directed the administration to proceed with plans for a pool at Hinsdale Central that is 10 lanes measuring 40 yards in length. We want to thank the members of our Facilities Committee, as well as our vendors and consultants, for their hard work and due diligence on this issue. We also want to thank the nearly 90 people who shared their thoughts about this topic following our meeting on August 22. The feedback we received from the community and Facilities Committee, coupled with the data and research provided by our vendors and consultants, played a critical role in this decision, as well as the one we made about the pool project at Hinsdale South (the plan for South is to build a pool that is six lanes measuring 40 yards in length).

We recognize that the direction we provided on the pools is a departure from what was discussed in the months leading up to the April referendum. We also understand that it might raise questions about the impact it may have on the other projects we have planned, or the money we have allocated to pay for them. With this in mind, we want to reaffirm our intent to complete the work at both schools on time and on budget, and provide insight into how we came to the decision about the pools.

When making decisions about capital investments, our Board always seeks to strike a balance between doing what is best for our schools and students and being sound fiscal stewards of the financial resources that the community has entrusted us to manage. In the case of these specific projects, our department chair for physical education, various industry experts and most of the community members we heard from told us that they believe the best short- and long-term solution for our schools is to build pools that are not only aligned to the size of our student populations, but are also better equipped to meet the instructional and extra-curricular needs of the children we serve. Based on this input and the information we received from our Facilities Committee, we selected the 10x40 option for Central and the 6x40 option for South.

In terms of our commitment to fiscal stewardship, we believe the direction we chose for the pools is prudent for a few reasons. First, we remain steadfast in our commitment to ensuring that the cost of our Future Ready Facilities work does not exceed \$139,815,983, which represents the total budget for all of our projects that we communicated in conjunction with the referendum. This commitment has not and will not change based on the increased estimate for the pools. We also will not fund these two projects at the expense of the students, staff or programs at either school. Instead, we will continue to explore savings and efficiencies that we can achieve through the planning, design and construction phases of our work. For example, during our meeting on September 12, representatives from Pepper Construction, ARCON and Cotter Consulting discussed how we could potentially save more than \$1.2 million on the pool project at Central by relocating mechanical equipment to the roof and reducing the size of the storage space and equipment room.

Second, the decisions we make in conjunction with our Future Ready Facilities plans must be forward thinking. For example, the average life of the pools we are building is 50 years. By making the necessary investment in them now, we can more effectively address our needs, and also avoid creating instructional and financial issues that would negatively impact future students, staff, families and community members.

Third, as we mentioned in the edition of Board Briefs that was published on August 23, there are several cost and operational challenges associated with the pool option that was proposed during the referendum, including:

- The cost of installing (\$1,032,000), maintaining (\$10,000 annually) and replacing (75% of initial cost) the movable floors
- The breakdown of the movable floors at critical times that would disrupt learning and events
- The limited number of firms with the knowledge and expertise to install, repair and replace movable floors

Based on these challenges, we concluded that investing in this option would be a poor and short-sighted decision.

Lastly, when it comes to our facilities, we believe it is critical to utilize an equity lens when making decisions. This means that, while there may be situations where we can make similar improvements and upgrades to our buildings, there are others, such as the pools, where factors like enrollment will help drive the development and implementation of our plans.

While the conversations about our Future Ready Facilities plans are just beginning, we are pleased with the progress we have made to date, and are excited about the work we have ahead of us. We will continue to have these conversations at our Board meetings going forward, and hope you can join us either in person or via the livestream video of our sessions. We are also working with our staff, vendors and consultants to set up the various channels and platforms we will use to provide the community with updates on the progress of our work. We will share this information when it is available. In the meantime, we want to thank you for your time and attention to this message, for your partnership on our efforts to improve our facilities, and for your continued support of our schools and the students we serve.

The Hinsdale Township High School District 86 Board of Education Votes 6-0 to Put Bond Resolution on the April 2, 2019 Consolidated Election Ballot in the amount of \$139,815,983

Hinsdale, IL – January 12, 2019 – At the Special Meeting held this morning, the Hinsdale Township High School District 86 Board of Education voted 6-0 to adopt Resolution #19.14 to put a bond resolution on the April 2 ballot in the amount of \$139,815,983. This new number raises the total amount by approximately \$10 million from what the Board had previously discussed. Of the total amount, \$59,834,741, or 43 percent, is for projects at Hinsdale South and \$79,981,242, or 57 percent, is for projects at Hinsdale Central.

The \$10 million dollar change reflects an increase in approximately \$5 million each for Central and South. The \$5 million at Central will move the pool to a new location but keep the size the same at 6 lanes wide and 25 yards long. The new pool at South will also be a 6-lane, 25-yard pool. The current location of the Central pool does not allow for expansion in either direction. The current location of the South pool does allow for expansion in length. The \$5 million at South would fund renovations to the South auditorium space, adding new lighting and sound systems, among other improvements like an orchestra pit and sound booth.

These two projects are in addition to the already approved:

- Fixes to infrastructure
- Upgrades to safety and security
- Improvements in accessibility for persons with disabilities
- Renovations to science and technology learning (STEM) spaces from 1960s classrooms to classrooms that can support technology in 2020 and beyond
- Renovations to student health and counselling areas to provide services to all the students it serves
- Improvements to electricity, plumbing and sanitation systems in the cafeteria kitchens and serving lines
- Renovations to the libraries to convert them from their original designs as book rental and then book rental/computer stations, to media centers that offers multifunctional flexibility to run several functions for groups and individuals simultaneously, like classroom teaching, presentations, collaborative research, group study and project work, student work with teachers, and independent student research and study
- Replacement of both 6-lane, 25-yard pools with new 6-lane, 25-yard pools at Central and South

“Today’s unanimous Board vote is for the future of District 86,” said Board President Bill Carpenter. “The purpose of this referendum is to make the necessary fixes and improvements at both of our high schools. Our community expects our schools to deliver excellent, innovative educational programming. To provide the level of excellence our community expects and that this District has built its reputation on, our school facilities need to be fixed and improved so that they are future-ready, so that our teachers and staff can adapt as best practices change to prepare our students for the challenges they face in a highly competitive world economy.”

Mr. Carpenter continued, “This number changes the spend equally for Central and South and is based on individual needs each school currently has as defined by the 2016 Master Facilities Plan. Including the upgrades to the South auditorium will directly impact the incredibly successful performing arts programming, as well as the everyday academics. Because these improvements will give South all of the equipment it needs, like fully functional lighting and sound on site, the space can be used more often, and that will give the South the opportunity to engage and interact with the community much more frequently. Likewise, the \$5 million in increased spend for the Central pool does not give Central a better or bigger pool than South. It simply gives Central a pool that offers the same current benefits as South's pool and leaves both schools with the equal opportunity to change their pools to meet future needs and demands.”

After the \$166 million dollar referendum failed in November, the Board identified fixes that have to be made and authorized cuts on December 17, 2018 to take money out of operations to pay for \$42 million in necessary fixes to infrastructure, safety and security upgrades, greater accessibility for persons with disabilities and new lighting and electrical capacity in classrooms. These repairs are anticipated to take five years to complete unless funds to pay for them come from the April 2 referendum.

The deadline for the Board to vote to adopt a resolution for the April 2 ballot is January 14.

Updated information that reflects these changes will be posted on the District 86 website under the April 2019 Referendum tab as it becomes available.

MINUTES of a special public meeting of the Board of Education of Township High School District Number 86, DuPage and Cook Counties, Illinois, held in the Lower Level Conference Room at the Administrative Building, 5500 South Grant Street, Hinsdale, Illinois, in said School District at 8:00 o'clock A.M., on the 12th day of January, 2019.

* * *

The meeting was called to order by the President and upon the roll being called, Bill Carpenter, the President, and the following members were physically present at said location: Kathleen Hirsman, Bo Blackburn, Keith Chval, and Nancy Pollak.

The following members were allowed by a majority of the members of the Board of Education in accordance with and to the extent allowed by rules adopted by the Board of Education to attend the meeting by video or audio conference: Kevin Camden.

No member was not permitted to attend by video or audio conference.

The following members were absent and did not participate in the meeting in any manner or to any extent whatsoever: Jennifer Planson.

The President announced that the Board of Education would consider the adoption of a resolution providing for and requiring the submission of a proposition for the issuance of School Building Bonds to the voters of the District at the consolidated election to be held on April 2, 2019.

Whereupon Member Carpenter presented and the Secretary read by title a resolution as follows, a copy of which was provided to each member of the Board of Education prior to said meeting and to everyone in attendance at said meeting who requested a copy:

RESOLUTION providing for and requiring the submission of a proposition for the issuance of School Building Bonds to the voters of Township High School District Number 86, DuPage and Cook Counties, Illinois, at the consolidated election to be held on the 2nd day of April, 2019.

* * *

WHEREAS, the Board of Education (the "*School Board*") of Township High School District Number 86, DuPage and Cook Counties, Illinois (the "*District*"), has considered the existing school facilities and the improvements and extensions necessary to be made thereto in order that the same will adequately serve the educational needs of the District; and

WHEREAS, the School Board does hereby find and determine that it is necessary and in the best interests of the District that the School Board improve the sites of, renovate, alter, repair and equip and replace portions of the Hinsdale South High School Campus and Hinsdale Central High School Campus, including, but not limited to, installing school safety and emergency response systems and equipment; making facilities *Americans with Disabilities Act* accessible to persons with disabilities; repairing 60-year old infrastructure; and improving the electrical capacity and lighting in older classrooms (the "*Project*") at an estimated cost of \$139,815,983; and

WHEREAS, the School Board does hereby find and determine that the Project is needed to provide a quality educational program; and

WHEREAS, there are insufficient funds on hand and available to pay the costs of the Project; and

WHEREAS, before the School Board can borrow money and issue bonds for such purposes, a proposition therefor (the "*Proposition*") must be submitted to the voters of the District and be approved by a majority of the voters of the District voting on such proposition at an election to be held in and for the District and it is deemed advisable, necessary and in the best

interests of the District that the Proposition be submitted to the voters of the District at an election to be held and conducted in accordance with the general election law:

Now, THEREFORE, Be It and It Is Hereby Resolved by the Board of Education of Township High School District Number 86, DuPage and Cook Counties, Illinois, as follows:

Section 1. That the School Board hereby finds that all of the recitals contained in the preambles to this resolution are full, true and correct and does incorporate them into this resolution by this reference.

Section 2. That it is necessary and in the best interests of the District that the School Board provide the Project and that money be borrowed and in evidence thereof bonds of the District be issued therefor in an amount not to exceed \$139,815,983.

Section 3. That the Proposition be submitted to the voters of the District in accordance with the general election law at the consolidated election to be held on Tuesday, the 2nd day of April, 2019, between the hours of 6:00 o'clock AM. and 7:00 o'clock P.M. of said day (the "*Election*").

Section 4. That the Election shall be held in the voting precincts and at the polling places established by Board of Election Commissioners (the "*Election Board*") of The County of DuPage, Illinois ("*DuPage County*") and by The County Board (the "*County Board*") of The County of Cook, Illinois ("*Cook County*"), for voters of the District at the Election.

Section 5. That the Executive Director of the Election Board (the "*Executive Director*") and the County Clerk of Cook County (the "*County Clerk*") shall give notice of the Election, including the Spanish, Chinese and American Indian translations thereof as deemed required by law by the Executive Director and the County Clerk (the "*Notice*"), in accordance with the general election law by (i) publishing the Notice once not more than 60 nor less than 10 days prior to the date of the Election in a local, community newspaper having general circulation in the District, and (ii) posting a copy of the Notice at least 10 days before the date of the Election at the principal office of the Election Board and the County Clerk.

Section 6. That the Secretary of the School Board shall post a copy of the Notice at the principal office of the District.

Section 7. That it is hereby found and determined that *The Doings* and the *Hinsdale Suburban Life* are local, community newspapers having general circulation in the District as required by Section 12-5 of the Election Code of the State of Illinois, as amended (the "*Election Code*").

Section 8. That the Notice required by Sections 5 and 6 shall include the following:

NOTICE IS HEREBY GIVEN that at the consolidated election to be held on Tuesday, the 2nd day of April, 2019, the following proposition will be submitted to the voters of Hinsdale Township High School District Number 86, DuPage and Cook Counties, Illinois:

Shall the Board of Education of Hinsdale Township High School District Number 86, DuPage and Cook Counties, Illinois, improve the sites of, renovate, alter, repair and equip and replace portions of the Hinsdale South High School Campus and Hinsdale Central High School Campus, including, but not limited to, installing school safety and emergency response systems and equipment; making facilities *Americans with Disabilities Act* accessible to persons with disabilities; repairing 60-year old infrastructure; and improving the electrical capacity and lighting in older classrooms, and issue bonds of said School District to the amount of \$139,815,983 for the purpose of paying the costs thereof?

The polls at the election will be open at 6:00 o'clock A.M. and will continue to be open until 7:00 o'clock P.M. of that day.
